

DRYVAC Energy Saver

Energy savings of up to 50%

Reduce your CO₂ footprint
and operating costs.

DRYVAC Energy Saver

Optimize energy consumption while improving the ultimate pressure

Reduce the power consumption of your DRYVAC DV 450 and DRYVAC DV 650 up to 50% by controlling the exhaust pressure

E-Saver control box connected to a DRYVAC DV 650

The Energy Saver kit is available as an accessory or on new pump installations. Retrofit of existing DRYVAC DV 450 and DV 650 with LVO 210 filling is possible at any time.

Power consumption comparison of DRYVAC DV 650 with and without Energy Saver

Compare your cost of ownership with and without the Energy Saver!

Significant annual energy savings operating an Energy Saver at a DRYVAC DV 650
